### EXPERIENCE

---

#### Sysco Corporation

Houston

*Data Analyst Intern in Business Technology Department*

Jun 2019 – Aug 2019

- Learned and applied Agile Project Management Methodology with both Sysco Ecosystem for Enterprise Database team and Advanced Data Management team
- Collaborated with Food Safety Department and Sysco Shop E-commerce Department to figure out the trend behind the data by creating Programmed Tableau Dashboards.
- Optimized the process of retrieving data by writing SQL queries on AWS Redshift cloud data warehouse and displaying it in a readable manner on Tableau Server
- Presented both of my projects in front of senior executives as the final presentation
- Won the first prize in the 2019 Summer Intern Hackathon

#### Greater Houston Partnership

Houston

*Research division intern*

Sep 2018 – Dec 2018

- Created and updated trade ties between Houston and its sister cities by deploying the data on WiserTrade.
- Set up tables to store the information of foreign trade associations in Houston on Microsoft SQL Server Management Studio.
- Converted information from a member questionnaire into a Power BI presentation.
- Wrote Python scripts on ArcGIS to automate the geographic information on maps.

#### C. T. Bauer College of Business, University of Houston

Houston

*Academic Support Assistant of business statistics*

Jan 2017 - Present

- Conducted review sessions for each homework and exam by dealing with common questions collected from stat lab, and re-explain concepts that students do not understand well.
- Shared experience and approach of getting success in this class as a member of stat panelists.
- Communicated and discussed with other assistants and volunteers in an effort to help them improve tutoring skills
